Our staff have been fully trained to handle the entire optical side so that you can focus solely on patient care. Office technology includes A/R, A/K, NCT, Optos, TopCon TRS all linked to RevolutionEHR, which the staff are fully trained on as well.

I am willing to pay very well for the right optometrist, and can be quite flexible on benefits and schedule, including no weekends. Whether you are looking to provide great patient care but want to “leave work at work” or you are interested in mentorship and/or possible future partnership opportunities, I’d love to hear from you.

Interested? Please email doctor@claritytarget.com.

Herslof Opticians is seeking Optometrist(s) to join our vision teams to provide the best care for our extensive, well-established patient base. You will perform routine comprehensive eye exams and contact lens exams, along with diagnosing vision problems and eye diseases. The Herslof difference:
• Family owned and celebrating 80 years in Wisconsin.
• Professional office teams to support and perform administrative, billing, insurance, and pre-test duties.
• Multiple locations to live and work in city, suburbs & rural communities.
• Experienced and recent graduates encouraged to apply. Full and part time available.
• Supplement your income-we have extra chair times available to fit into your schedule.
- Salaries above average.

Unlike many retail chains, we offer fantastic hours. One Saturday a month. No Sundays. No late evening hours.

For additional information or to schedule an interview, contact Herslof’s Optometric Coordinator Linda Stoecker at 414-462-1300 Ext 110 or linda@herslof.com.
